Dear Family in Christ,

Can you believe that we are nearly through the first quarter of 2008? Time flies! I'm going to share some personal things with you first and then share with you some various things going on in OOE.

This past December I took some much needed time off and went home to Minnesota for Christmas! My daughter and I spent Christmas with my Dad whom I hadn't seen for a few years. This was my first Christmas with him since I was 2 years old, so this was pretty huge to me. It's amazing how he and I have so many of the same character traits and habits. I didn't grow up with my father, as my parents divorced when I was 2, so I find that pretty incredible. I then traveled to the town where I grew up in Wisconsin and was able to show my daughter the hills on which I used to go sledding and the places I used to frequent when I was her age. She found that to be pretty interesting. I was able to show her the old farmhouse in which I grew up and of course introduced her to the neighbors who still run their dairy farm. I also visited with my old principal of the school I attended. He was a spiritual father to me while growing up. I had one of the most meaningful visits with him, of my entire life!! We laughed together and cried together. He's such an amazing man who had so much influence in my life as a child. He still has my picture hanging up in his office from about 15 years ago! The time was incredibly precious.

My daughter and I then flew to Indiana to spend some time with more family and my dearest friend Beth. We had such an fabulous time! God blessed us so much with this vacation!

Now for some ministry updates!

I'm still finalizing the content of my book "What Did He Say About Me?" There are some changes I wanted to make to make it an even more interactive book for my reader. I feel it can really make a huge impact in someone's life due to this feature. I'll keep you updated.

Recently, I finished taping a story for the "700 Club." It will air on April 3<sup>rd</sup>, 2008. I'm very excited about this story. I had an amazing producer!! She was easy to work with and we really connected - which excites me even more about this story. Please visit the website for updates! Thank you for your continued prayer and financial support! We could not do this without you!

Always remember...there is only one you! There is no one else on the planet that can do what YOU were created to do! Live your God-given destiny! You're the only one who can!!!
