Dear Family in Christ,

I'm awed at how quickly this year has passed. Thanksgiving and Christmas are right around the corner! We've had such an incredible year!

In the beginning of the year, I appeared on "Homekeeper's" with Arthelene Rippey. This was my second appearance on the show. I absolutely love Arthelene, she's an amazing woman!

I also spoke to the youth of Family Bible Church, which is also my home church. I spoke on "Living Authentically." I think it is so important for today's youth as well as adults to just be real!

In September, I spoke at the first annual "Family Impact Summit" in Brandon, Florida. This was an amazing weekend for me. I met so many incredible people and I personally walked away with a greater knowledge of the importance of taking a stand for moral values in our community and our nation. While at this conference, I did a segment of live radio for WTLN and discussed the mission of Out of Exile Ministries.

In October I shared through singing and speaking at Northside Baptist Church. Pastor Don and Helen Yates were so gracious and kind. What a friendly, life giving church!

I've continued to work on my book, "What Did He Say About Me?" It was scheduled for release in July, but due to a family emergency I was unable to meet that deadline. We pushed the release date back to October, but I'm still finalizing some things in the book and then will send it off to editing. Several people have inquired, and I am so honored. Thank you for your continued patience. God's timing! Keep visiting the website for updates.

2007 has been the year of completion in many areas of OOE. We've come full circle in some areas as well as begun some new things. 2008 will definitely be an exciting year for us.

In January, I will begin recording my second music CD. I've obtained all the appropriate licenses, so we have the go ahead to begin. I will be working with Carl Stewart of CS Productions. He will be doing the music for the songs and mastering the CD. I am incredibly excited how God has opened this door and provided financially for this endeavor. I'm hoping to have the CD completed by March. I will give updates via the web and the Spring Edition of our Newsletter.

Have an amazing Thanksgiving and Christmas! Enjoy your families and treasure each moment! And always remember...there is only one you! There is no one else on the planet that can do what YOU were created to do! Live your God-given destiny! You're the only one who can!!!
